

If you are having difficulty making your mortgage payments, **Start Here!**

We know that nobody intends to miss their mortgage payments, and that you understand that defaulting on your loan will ultimately result in the loss of your property.

Because you opened this web page, we assume that something happened to change your ability to pay your mortgage. Whether it's a loss of income, a family member's sickness or a change in the amount of your monthly payment, our Loss Mitigation Department wants to work with you to save your home or investment property.

The process is straightforward. First, we collect some background and financial information, using this form and the documents you send to us. Then, we'll attempt to match your situation with the program(s) available. Finally, if we determine that there is a program (or programs) you qualify for, we will contact you to discuss the potential solutions and send out the required documents and legal agreements needed to complete the process.

Financial Information:

Tip: Many times, having your checkbook and Credit Card Statements with you will help you remember Income and Expense Items. If you can get these items, it's worth waiting until you have them before completing this section.

On the following page, you'll have an opportunity to tell us about your income and expenses. That will help us determine which programs we can offer you. It's important that the information is as accurate as possible, but if you don't know the exact amount, enter your best estimate and we'll use that for now. Of course, if any item doesn't apply to you, just leave it blank.

NOTE: ALL of the items on the next page request MONTHLY information. Please convert all of your numbers to MONTHLY amounts!
